I am currently employed with Teleperformance USA located in Ormond Beach, FL. I am currently in the position of TSR. I am satisfied with my telemarketing experience. The products and services that are provided are beneficial to the customers that are contacted. This job enables me to make a living and to better my life. The experience that I am receiving will help me in my quest for a career and at this point, there are not many options open in the economy today to provide for myself and my family. In the event that this law is passed, I would no longer be able to provide as I have been. Since telemarketing companies are on a rise, many jobs would be lost due to this act being passed. Finding alternative employment would be extremely difficult if thousands of positions are eliminated nationwide. I definitely oppose a nationwide DNC list and restrictions on Predictive Dialers. I support Teleperformance USA's and the American Telemarketing Association's proposed modifications to the FTC rules.

Thank you for your full consideration on this topic.

Ref: CG Docket No. 02-278

Rules and Regulations Implementing the Telephone Consumer Protection Act of
1991

I am currently employed with Teleperformance USA located in Ormond Beach, FL. I am currently in the position of TSP. I am satisfied with my telemarketing experience. The products and services that are provided are beneficial to the customers that are contacted. This job enables me to make a living and to better my life. The experience that I am receiving will help me in my quest for a career and at this point, there are not many options open in the economy today to provide for myself and my family. In the event that this law is passed, I would no longer be able to provide as I have been. Since telemarketing companies are on a rise, many jobs would be lost due to this act being passed. Finding alternative employment would be extremely difficult if thousands of positions are eliminated nationwide. I definitely oppose a nationwide DNC list and restrictions on Predictive Dialers. I support Teleperformance USA's and the American Telemarketing Association's proposed modifications to the FTC rules.

Thank you for your full consideration on this topic.
